

Advanced Practice Nursing in Neurosurgery and Neurology

Basic Course

Advanced Course

24.-27. March 2026

Willhelm Fabry Haus

**Tuesday
March 24th**

**Wednesday
March 25th**

08:15

Registration, Coffee & Introduction

08:30-09:05

Brain Anatomy (PS)

Spine Anatomy (MM)

09:10-09:45

CNS Tumors (PS)

Spine Emergencies (RS)

10:00-10:35

Traumatic Brain Injuries

Spine Imaging (RS)

10:40-11:15

Neurological emergencies and
postoperative complications

SIH (RS)

11:20-11:55

Neurological emergencies and
postoperative complications

Spine: Overview Surgery (MM)

11:55-12:45

Lunch

12:45-13:20

Epilepsy (AM)

Clinical Assessment Spine Workshop (MM)

13:25-14:00

Epilepsy (AM)

Vascular Pathologies (DB)

14:15-14:50

Epilepsy Surgery (AT)

ICH/SAH (DB)

14:55-15:30

Hydrocephalus

Imaging Workshop: ICH and SAH (DB)

15:35-16:10

Workshop: Shunt Valve Theory

Workshop: Suturing Techniques

16:15-16:50

Workshop: Shunt Valve Adjustment

Workshop: Suturing Techniques

18:30

Dinner

PS Philippe Schucht

RS Ralph Schär

AM Alexander Maurer

MM Matteo Montalbetti

AT Alexis Terrapon

DB David Bervini

**Thursday
March 26th**

**Friday
March 27th**

08:15	Registration, Coffee & Introduction	
08:30-09:05	Radiooncology (EE)	Stroke (TM)
09:10-09:45	Oncology (DH)	Stroke: Therapy, Prevention (TM)
10:00-10:35	Oncology (DH)	Neurological Rehabilitation
10:40-11:15	Pain	Sustainability and Future of APN Role (SM)
11:20-11:55	Pain	Sustainability and Future of APN Role (SM)
11:55-12:45	Lunch	
12:45-13:20	Pain: neurosurgical options (MM)	
13:25-14:00	Endocrinology (RT)	Parkinson's Disease (ID)
14:15-14:50	Functional Neurological disorders (RB)	Parkinson's Disease (ID)
14:55-15:30	Infectiology (LB)	Concurrent Care and Advanced Care Planning (MF)
15:35-16:10	Infectiology (LB)	Concurrent Care and Advanced Care Planning (MF)
16:15-16:50	Case studies Neuro-imaging (Neuroreha)	Neuropsychology
18:30	Dinner	

EE	Ekin Ermis	TM	Thomas Meinel
DH	Dennis Hoch	SM	Sabine Molls
MM	Mandy Müller	ID	Ines Debove
RB	Rike Barth	MF	Monica Fliedner
LB	Lukas Baumann	RT	Roman Trapp

This focused clinical course was created in 2023 for the education of Advanced Nurse Practitioners. It provides neurosurgery and neurology relevant insights and an opportunity to acquire and train bedside interventional skills.

Days 1 & 2: Core Review – Repetition of key topics from previous years, led by experienced faculty. Designed especially for new participants to build a solid foundation

Days 3 & 4: Advanced Sessions – Focused on deeper exploration and updates, tailored for returning participants, but open to newcomers as well
Cost: 4 days 750/450 CHF (regular/students); 2 days 450/250 CHF (regular/students)

Coffee, lunch and dinner included.

Admission conditions: for days 3 & 4 MScN APN (or in training); participation at days 1&2, or sur dossier

Places are limited to 25 participants. First come, first served. Deadline: 31.01.2026
